Barishal, Bangladesh

Objective

My goal is to become associated with an institution where I can utilize my skills to solve challenges that are of worldwide concern and acquire further experience while enhancing the Institution's productivity and reputation.

Education

Bachelor of Science in Computer Science & Engineering 2020–2024
University of Barisal, Barisal, Bangladesh *CGPA 3.69/4.00*
– **Thesis:** *A Hybrid Machine Learning Approach for Multi-Class News Veracity and Authorship Detection*

Higher Secondary Certificate Examination 2019
Barishal Government Women's College *GPA 5.00/5.00*

Secondary School Certificate Examination 2017
Halima Khatun Secondary Girls' School *GPA 5.00/5.00*

Research Interests

My research interests broadly center on **Natural Language Processing (NLP)** and **Artificial Intelligence**, with a primary focus on **Large Language Models (LLMs)** and text analytics. Specifically, I investigate model security against **Adversarial Attacks**, energy-efficient **Neural Network Architectures**, and multimodal systems integrating **Computer Vision** for healthcare diagnostics.

Publications

3. "Stylometric & Credibility-Aware Four-Way Human and AI-Generated Misinformation Classification", Accepted, International Conference on Innovations in Science, Engineering and Technology (ICISET, 2026)
2. "Confidence-Aware Referee Network for Multi-Source Fundus Image-Based Cataract Detection", Accepted, Biomedical Engineering, Computer and Information Technology for Health (BECITHCON, 2026)
1. "Authorship-Aware Fake News Detection Using Hierarchical Meta-Learning with Transformer-Based Text Features" Applied soft computing (Elsevier, 2026).

Projects

- **Interactive Graph Algorithm Visualizer** Python, Tkinter
  Desktop application for building dynamic graphs and visualizing step-by-step animations of various graph traversal and pathfinding algorithms.
- **Lost & Found Community Mobile Application** Flutter, Firebase
  Cross-platform application for reporting and recovering lost items, featuring location-based filtering and real-time in-app communication.
- **Professional Advisory Web Platform** HTML, CSS, PHP, MySQL
  Consultation portal connecting users with categorized experts, featuring dynamic profile matching, direct messaging, email options, and interactive forums.

Professional / Computer / Software Skills

Programming Languages	Python, C/C++, Java, PHP, JavaScript, Dart, SQL
Libraries & Frameworks	PyTorch, TensorFlow, Keras, Scikit-learn, Hugging Face Transformers, NLTK, Pandas, NumPy, Flutter, Next.js
Tools & Platforms	Kaggle, Google Colab, Jupyter Notebook, Git/GitHub, Firebase, MySQL, XAMPP, MATLAB, VS Code, LaTeX
OS & Hardware	Windows, Linux (Ubuntu, Mint), Arduino
Design & Multimedia	Adobe Creative Suite (Photoshop, Illustrator, Premiere Pro), Canva

Accomplished Trainings and Workshops

Mobile App Development 2024
Training Institute: Department of CSE, University of Barishal, under Enhancing Digital Government and Economy (EDGE) Project, Bangladesh Computer Council, ICT Division.

CCNAv7: Introduction to Networks (Cisco Networking Academy) 2023
Training Institute: American International University-Bangladesh (AIUB), Institute of Continuing Education.

Introduction to Cybersecurity (Cisco Networking Academy) 2023
Training Institute: Grameenphone Academy.

Introduction to IoT (Cisco Networking Academy) 2023
Training Institute: Grameenphone Academy.

International Workshop on Wireless Networking and Cyber Security (WWNCS) 2022
Training Institute: Department of CSIT, Patuakhali Science and Technology University (PSTU), under EU/Asi@Connect-supported SAFE Project.

Regional Workshop on Networking Basics and Campus Network Design (WNBCND-1) 2022
Training Institute: Department of CSIT, Patuakhali Science and Technology University (PSTU), under EU/Asi@Connect-supported SAFE Project.

Work Experience

Research Assistant, Department of CSE, University of Barisal 2026–Present

– Assisted in research on machine learning and natural language processing, including literature review, model implementation, experimentation, and result analysis.

– Contributed to research manuscript preparation, technical report writing, and ongoing collaborative research projects.

Extra-Curricular Activities

- Graphics Team Member at Bangladesh Robot Olympiad 2021–22
- Localizer of Scratch Bangla 2021
- Academic Member at NHSPC 2021
- Content Writer at White Origins Magazine 2024
- Content Writing Intern at Barisal University Science Club 2025
- Documentation Team Member at Whiteboard Initiatives 2025
- Coordinator at Onebyzero Edu Platform 2025–Present
